Rocky Boat

I was on that rocky boat
Trying to sing and catch my note
But my face turned blue and green
Oh, the ocean big and mean
So my friends say that I've strayed
Say I lost my destined way
But the devil ain't so real,
Because now is how I feel

Chorus:

I am free, I am free
Ain't nobody gonna lie to me
And my cup inside is clean
And the mountains tall and green
Say goodbye to the devil's door
Swim away from the ocean floor
Living waters inside me
I am free, I am free, I am free

Off I go into the night
I sing my tunes, I fake the light
I crack a smile and when I'm cued
I read the lines and spit 'em right
Home is where I never lack
I drive the truck, I leave the pack
But home I have no bed
Got no place to rest my head

Repeat chorus

Hey ho, where do you go?
Where do you go when nobody's home
Hey ho, where do you go?
Where do you go when nobody's home

Crowded rooms and crowded tears
Designed on the tenor man's song
And he sang with such emotion
Like the ocean was a sky

He never sang in melody, but he always came along
He was dancing with the prophets
He was singing from the mountains
He was rambling with the orphans
Just a suit and tie and a feed back microphone

Ohâ€¦
I was on that rocky boat
Trying to sing and catch my note
But my face turned blue and green
Oh, the ocean big and mean
But God is here, and God is there
God is dark, and God is fair
Letting love arrange this song
All in love where we belong

Repeat chorus

Hey ho, where do you go?
Where do you go when nobody's homeâ€¦!
