It's not a perfect world  
But nobody said it was, yeah nobody lied to you  
And it's not fair  
But when has it ever been and when will it ever be

There's a lot you should learn about  
[Incomprehensible]  
There's a lot you should learn  
And with your ability learn some humility 'cause

Who died and made you Elvis?  
Who died and made you King?  
Who died and made you Elvis?  
Who died and made you King?

So you believe your press  
You think you're the greatest thing convinced you're  
the big Tam'  
You're an honoured guest  
And we're glad to have you and we're all picking up the  
tab

There's something you should know about  
[Incomprehensible]  
There's something you should know about  
And it's time you got it straight, I hope i'm not too late  
so

Who died and made you Elvis?  
Who died and made you King?  
Who died and made you Elvis?  
Who died and made you King?

Who died?  
Who cashed their chips in and left you in charge?  
Who died and made you King?

Now in the scheme of things  
You're no more important than that guy standing next  
to you  
So stand up straight  
And be what you ought to be and not what you think

you are

There's a lot you could give  
If you'd just be yourself  
There's a lot more you'd get if you'd  
Drop the superstar and just be who you are

Who died and made you Elvis?  
Who died and made you King?  
Who died and made you Elvis?  
Who died and made you King?

Who died and made you Elvis?  
Who died and made you King?  
Who died and made you Elvis?  
Who died and made you King?

Who died and made you Elvis?  
Who died and made you King?  
Who died and made you Elvis?  
Who died and made you King?

Who died and made you Elvis?  
Who died and made you King?  
Who died and made you Elvis?  
Who died and made you King?
