Verse 1:

These chains of sorrow drag me down
Into a pit of despair
Shackled by my lust for freedom
The hatred rises in my soul
For the agony of life is too strong
The dimensions of hell have trapped my hope
Reaching to the light, the darkness closes in
Blinding me from the rest of the world

Chorus:

I am lost
On my knees
Cursing at the skies above
I am forgot
Unanswered pleas
My souls destiny signed in blood

Verse 2:

Into this grave where there's no escape
Crying for this pain to stop
The icy hands of death upon me
Can you hear my cries of torture?
This hell, the only reality I know
Crying for relief
A broken soul, a shattered man
Afraid of destiny

(Repeat Chorus)

Bridge 1:

My soul searches for places unknown
I'm lost, so far away from home
All light is gone, all life is gone
Crying for relief
Can you feel me?

Bridge 2:

Now my body starts to die
I raise my fist into the night
A broken man I now lie
Darkness comes without a fight

I hear nothing but my screams
Swallowed by this black embrace
Why does no one answer me?
Death has brought me to this place

(Repeat Chorus)

Verse 3:

Treachery, a slave to the dark
I want back what was taken from me
Forever damned, a nightmare
The path of death has led me here
In the eyes of my weeping carcass
Buried so no one will find me
Now my life has drifted away
For eternity I shall sleep

(Repeat Chorus)
