Verse 1:

I am drowning in a pool of despair
A life that's passed me by and by
Without direction, my life led astray
Diminishing threads by the end of this day
And now I'm being torn by all these lies
The web of madness that captures you
Kicking and screaming hoping someone will see
Your last breath, someone's death, leaving you to die

Pre-Chorus:

Someone please save me, someone see, setting you
free
Someone please save me, someone see, setting me
free
All these lies, despise, reprised, to live alone and left
to die

Chorus:

Why should I - end my life - in your eyes - a life that's
drowning to escape

Verse 2:

How is it that I can hold on so long?
The wind's so strong that I can feel them burning
And all the will to live is drained to the cord
Yet I take it daily and beg for more
To be alone to see the eyes of despair
I can feel your tear because I have been there
This is the end there are no more goodbyes
When all I wanted is to give death a try

(Repeat Pre-Chorus)

Bridge:

Why should I - end my life - in your eyes - I'm only
nothing
You will see - with your eyes - a world so fragile - a life
that's drowning to escape

(Repeat Pre-Chorus)

(Repeat Chorus)
