It seemed like another world
When our breath shown cold.
And we drank our spirits dry
To feel more alive.

And I had such hopeful eyes then...
We were such high dreamers...
And I'm sick of looking back
At every moment of importance,
To reevaluate myself,
To make myself feel worse and worse.

I'll exhibit your distrust
To justify my flaws.
So I can prove to the world
How fucked up I am.

Have you ever seen eyes like these?
Have you ever lived lies like these?

And I thought to myself
In the middle of this hell:
"It's way too cold
To be all alone,
In an ice age that's all about
Eating your insides out"
