You handle me like glass
This side up, first class
You always put me on a pedestal
Scared that I might break
Delicate's my name
Are you sure of what you're looking for

Bridge 1

If I seem bittersweet
I don't mean to be cruel
But the devil in me
Wants to break all your rules

Chorus

If you're looking for little miss perfect
You won't find her in me
Not in my DNA
If you're looking for little miss perfect
You might find that you'll be
Part of my history

Anything I ask's mine with just one glance
I wish you'd do something spontaneous
Everywhere I go, you feel the need to know
Is it a crime to be mysterious

Bridge 2

If I seem bittersweet
I don't mean to be cruel
But this devil in me's
Gonna break all your rules

Chorus

If you're looking for little miss perfect
You won't find her in me
Not in my DNA
If you're looking for little miss perfect
You might find that you'll be

Part of my history

Middle 8

I wear the right clothes
And I've got the right hair
Always on time
But you don't seem to be aware
There's so much more to me
Than superficiality
And I'm not perfect, I don't wanna be

Repeat chorus
