I feel a sting when I think of  
All the things I should have said and done

Push comes to shove over nothing  
Fall into a shame that's mountain size

I should have known better  
Than to depend on you  
I should have known better

I looked around inside a hollow pride

I should have known better  
Than to depend on you  
I should have known better  
Than to depend on you  
I should have known better  
Than to depend on you  
I should have known better
