I see a world in need out on the wire
I'll take a leap of faith into the fire
I'm going over the edge now
yeah I'm ready to reach out
I wanna be Dangerous
unashamed to proclaim your name
I wanna be Dangerous
I can't hide or deny what's inside
I wanna be Dangerous
so many times I fail to even try
I compromise my faith by standing by
I'm going over the edge now
yeah I'm ready to reach out
I wanna be Dangerous
unashamed to proclaim your name
I wanna be Dangerous
I can't hide or deny what's inside
I wanna be Dangerous
my mind is made up and i'm ready
I'm goin over the edge
I'm steppin out on the wire
come on
I wanna be Dangerous
unashamed to proclaim your name
I wanna be Dangerous
I can't hide or deny what's inside
