Break it down I'm playing a game
Giving it all I got for just fortune and fame
Get on the bus man, where's the stage
Life gets crazy when you're in the fast lane

Every day I stop and think
There's gotta be more to this life than what's in front of
me so
You've got what I need to break free
I just can't get enough, I'm addicted to You

I'm falling for You, God You are the truth
I'm lifting You higher
I want You to see what You mean to me
I'm lifting You higher

You're a light everybody can see
Shining like a star, watching over me
A revelation without hesitation
You're the only One that gets a standing ovation

Like a roller coaster out of control
I gotta get back on track before I lose my soul so
You've got what I need to break free
I just can't get enough, I'm addicted to You

I'm falling for You, God You are the truth
I'm lifting You higher
I want You to see what You mean to me
I'm lifting You higher

You're like a personal satellite watching over me
That's right you got what I need

I'm falling for You, God You are the truth
I'm lifting You higher
I want You to see what You mean to me
I'm lifting You higher

I'm addicted to You, there ain't nothing left to do
I'm lifting You higher
I just want You to see what You mean to me

I'm lifting You higher
