"Mary Hatchet"

Mary had a little hatchet
In a box hidden under her bed
She held it close to her chest and she thought
"This would look great in the back of his head."

"If you take my life, I will take your dreams
Get my revenge by any means, If you take my life i will
take your dreams"

Now Mary was extra quiet
As she crept in through the bedroom door
All her anger took a life of it's own
"This fuck won't hurt me anymore"

"If you take my life, I will take your dreams
Get my revenge by any means, If you take my life i will
take your dreams"

[Chorus]
"I'll make you suffer like I have"
I suggest you get the hell out of this town
Because tonight she's on a roll
"I'll make you bleed just like I've bled"
I suggest you get the hell out of this town
Because tonight she's on a roll

Now all that's left's a bloody mess
As his body lay still on the bed
She took a look at the scene and she thought
"He looks better with an axe in his head"

"If you take my life, I will take your dreams
Get my revenge by any means, If you take my life i will
take your dreams"

[Chorus]

Roll, let's roll!!!

I'll make you bleed like i've bled

[Chorus]
