Here we are again
Is it worth going after
Worth going after
Took me by the hand
But it was already over
Already over

I'd seen that she was looking at me
But I knew, I knew
I'm in for a treat
She's playing with me
Just pretending

Yes we'll take it slow
But I'm in no mood for playing
Games that are awaiting
It has taken it's toll
Please don't hurt me
Don't you hurt me

They said that she was cheating on me
But I knew, I knew
She begged me "please, it's not what you think"
So I thought it over
And I said

So I will surrender
So I will surrender
So I will surrender
So I will surrender

I'll forgive you again
But this I ain't coming back to
Ain't coming back to
If it is, it's the end
It's no use trying
No use trying

You said that he had nothing on me
But I knew, I knew
I do believe she's lying to me

So I will surrender
So I will surrender
So I will surrender
So I will surrender

Yes I will, I will surrender
