That moment when life flees
It takes off all the roses
You thought you had in your life
It's happened
It's happened

That instant you realize
Those facts have cracked you
That light which used to lead you
Is it gone?
Is it gone?

That moment when you are loose
On the confusion's floor
Your mud stinks of the fear you
Keep inside
Keep inside

It's going to burn you out
If you think that the pain
Could be damped from others
Out of you

Blows shatter your spiritual legs
Tears raze your faith to the ground and
You'll choose what you want from now on
Feel Dead forever
Or alive eternally!
