These days took me inside the darkness of my mind,
There should be the sun,
But Iâ€™m so confused
Iâ€™m almost loose the fact is that
I had laughed.
I had seen moments of my life shine.
And the time has passed by night after night,
At 6 a.m. this is all that remains
Another piece of an illusion made
This is what remains
Another piece of an illusion made

Feel my heart, talk about it,
Open your hands and talk about them.
Feel my heart, talk about it,
Open your heart and talk about it.

The time of my life should be now but
they donâ€™t understand.
And I feel really wrecked, I hope the
Moon is gonna takeâ€™ me away,
Another piece of an illusion made
This is what remains with no more wind and no
more rain.

Feel my heart, talk about it,
Open your hands and talk about them.
Feel my heart, talk about it,
Open your heart and talk about it.

Canâ€™t you open your eyes? The Moon is dying
When you said youâ€™ll never forget
It was too late to say that
And open your eyes it was too late for our.
Dreams way too late.
