I Remember when we used to talk  
About what we're all going for

Today I see  
You're all celebrating me  
Your expression  
Doesn't let me go

I feel a little strange  
Like when I used to change  
Where have I gone?  
Why have I come?

Everybody's here  
And I can feel your pain  
I'm understanding  
Cause here it's different

I never thought for  
As much as I tried  
That I could find  
Myself being here too now

I remember when  
We used to Talk  
About what we're all going for  
But I know  
I did my best  
To Walk on the way I felt more

Today I saw  
The people that I love more  
Were weeping on my grave  
Filing my face

Your expression  
Doesn't let me go  
I want to talk to you  
I want to stop that

Today I felt for you  
The emotions I loved more

My past life's scenes  
My past life's being

Our Emotion  
To know that we lived  
Together risking  
Together dying  
Together loving  
Together hoping  
Together trying  
To find a reason in life
