With you I spent a lot of my best days  
I hope you won't leave me, you are sweet everyday  
If you could remain for ever  
On my heart

Here I am,  
I am eighteen years old  
On the last two I have not walked alone,  
thank you, myself is improving  
I'm learning what is love  
You are the star of my days  
Sun on our skin, love on our eyes  
Your thinkin' way  
You are sweet and erotica

Eat together, sleep together  
Obviously make love together  
And we never fight  
But sometimes I'd like to tell you more than I say  
I love your smile

The strange relationship  
Which takes us together  
We're never perfect  
We're never perfect  
We like laugh and grow fat  
All day long lie on the bad  
I'm fond of your making way  
You are sweet and erotica.
