Girl I knew he was your man.  
But when you had him ,  
You couldn't understand just what needed .  
So I took him off your hands I know your mad at me  
But you'll get over it eventually

Say what you want it's time for him to leave  
If any problem there then come and see me  
It's so obvious that i'm the one he loves  
It's not hard to see he wants to be with me

Had you chance to treat him right  
Couldn't get it right say bye bye bye  
I know you disagree he's comin home with me  
Hope you understand i'm takin your man

It's time for you to give up on him he is mine.....

Had you chance to treat him right  
Couldn't get it right say bye bye bye  
I know you disagree he's comin home with me  
Hope you understand i'm takin your man

Now there no need to try and fight it  
You can't deny it  
You see it in his eyes that he don't want you  
You shoulda took a little time to see what he needs  
Then he wouldn't be comin home to me

It's so obvious that i'm the one he loves  
It's not hard to see he wants to be with me  
Say what you want it time for him to leave  
If any problem there then come and see me

Had you chance to treat him right  
Couldn't get it right say bye bye bye  
I know you disagree he's comin home with me  
Hope you understand i'm takin your man

It's time for you to give up on him he is mine.....

Had you chance to treat him right

Couldn't get it right say bye bye bye  
I know you disagree he's comin home with me  
Hope you understand i'm takin your man

Please understand that it was never  
My intention to take you man  
But the love that you left he found it in me  
And now we are together happily  
I know you may regret the choices you made  
It doesn't matter cause now it too late  
It's time for you to give up on him  
He is miiiiiine oooo woo

(had you chance) treat him right oh  
Know you disagree...  
(had you chance) treat him right say bye  
(know you disagree) i know you know you know  
disagree

Had your chance to treat him right  
Couldn't get it right say bye bye bye  
I know you disagree he's comin home with me  
Hope you understand i'm takin your man
