Crawling under my skin
I never knew a love so deep within
Silence can you hear me crying
Do you want me like I want you
Silence

I never knew a love like this before
That stepped up in my life and laid down at my door

Crawling under my skin
I never knew a love so deep within
Silence can you hear me crying
Do you want me like I want you
Silence

I never knew a love like this before
That stepped up in my life and laid down at my door

I love you I do love you

Crying
Can you hear me
I know that you think it's untrue
How could I ever leave and be without you
Know that you've been there for me
Forever will I thank you
For eternity I'll love you

Forever more forever more forever more
Forever more forever more forever more

Crawling under my skin
I never knew a love so deep within
Silence can you hear me crying
Do you want me like I want you
Silence

I love you I do love you

Crawling under my skin
I never knew a love so deep within
Crawling under my skin

I never knew a love so deep within
Silence can you hear me crying
Do you want me like I want you
Silence
