I miss hate and I miss war  
And I miss killing people and I miss the point  
Hold me down 'cos I can't stop myself  
Hold me down and I'll repress myself

I miss religion and I miss dictators  
And I miss their reasons and I miss the point  
Hold me down 'cos I can't stop myself  
Hold me down and I'll repress myself  
Hold me down but I won't be beaten  
Hold me down from this wealth of treason

There's no way you'll ever convince me  
There's no way you'll ever convince me  
There's no way you'll ever...

Hold me down 'cos I can't stop myself  
Hold me down and I'll repress myself  
Hold me down but I won't be beaten  
Hold me down from this wealth of treason  
Hold me down 'cos I can't stop myself  
Hold me down and I'll repress myself  
Hold me down but I won't be beaten  
Hold me down from this wealth of treason
