I don't know if I can stand If you think you've made it with your god Far too much I understand If you think you're brainy then you're not I don't know if I've been dead Everything you've made it with your god Can you see what I can see? If you think you've made it with your god I wanna know if, I wanna know if, I wanna know if, I wanna know if I wanna know if, I wanna know if, I wanna know if, I wanna know if I don't know if I can stand it If you think you've made it with your god Far too much I understand If you think you're brainy then you're not I don't know if I've been dead Everything you've made it with your god Can you see what's not been said If you think you've made it with your god I wanna know if, I wanna know if, I wanna know if, I wanna know if I wanna know if, I wanna know if, I wanna know if, I wanna know if, I wanna know You and me and me and you are lost in all the things

And moving on from where we are evolves from where and who

I wanna know if, I wanna know if, I wanna know if, I wanna know if

I wanna know if, I wanna know if, I wanna know if, I wanna know if, I wanna know

I wanna know if, I wanna know if, I wanna know if, I wanna know if

I wanna know if, I wanna know if, I wanna know if You and me and me and you are lost in all the things

And moving on from where we are evolves from where and who
