Rain song  
So beautiful my dear  
Overcome  
(hmmmm...)

Rain song  
So beautiful my dear  
Overcome  
Drives me crazy

Who can decide  
Will I decide  
To set in stone to split the night  
That I ? bring pain?

Put a word to these.  
Put a word to these.  
This thick line greased, I can't see  
Fingers stain my gold

Sweet clover (3x)  
Sweet...

Which side you on?  
Whose side you on?  
Silence near the battle cry  
Hollow victory

Which lie do you want?  
Which lie do you want?  
When lines divide I walk away  
Blazing sun sets on my back

Sweet clover (3x)  
Sweet...

[i can't]  
Wait  
[despise them, inside them]  
Inside them I am (3x)  
[i can't]

Wait  
[despise them, inside them]  
Inside you

Help me god

Whose side you on?  
Whose side you on?  
The silence near the battle cry  
Hollow victory

Which lie do you want?  
Which lie do you want?  
When lines divide I walk away  
Blazing sun sets on my back

Sweet clover (3x)  
Sweet...

[i can't]  
Wait  
[despise them, inside them]  
Inside them I am (3x)  
[i can't]  
Wait  
[despise you, inside you]  
[him!]  
Inside him..

Help me mighty god
