So go ahead and say I wont
This game is serious
It's time to get it on
So go ahead and say I wont
I take it's serious
It's time to get it on

And When the gate come open
And they let in the crowd
It's time to step up
And start knockin em down
Whent he clock hits zero
I'm gunna be the hero
A life of infamy is my destiny

I got my teeth knocked out
It didn't stop me did it
I caught myself on fire
It didn't scare me did it
I got myself bucked off, stomped
And couldnt win it
Still I got myself back up
And danced again

So go ahead and say I wont
This game is serious
It's time to get it on
So go ahead and say I wont
I take it's serious
It's time to get it on

I'm grinding gears in the chevy
Like jr on sunday
I'm gunna wear the crown
Until you take it from me
8 seconds you know it's rough when we ride
Going hard out the chute like I'm justin mcbride
Or ross coleman
Cowboys aint never bifolding
To busy living life out for the moment
Ports bonifay couldnt see me on a wakeboard
Tony hawk shivering since I got my skateboard

So go ahead
So go ahead
So go ahead and say I wont
This game is serious
It's time to get it on
So go ahead and say I wont
I take it's serious
It's time to get it on

The oposition shows up
And starts runnin it's mouth
It's time to suit up and show em
What it's all about
All eyes are on me
It'll never make me nervous
I'm as cool as a sunday morning service

I got my teeth knocked out
It didn't stop me did it
I caught myself on fire
It didn't scare me did it
I got myself bucked off, stomped
And couldnt win it
Still I got myself back up
And danced again

So go ahead and say I wont
This game is serious
It's time to get it on
So go ahead and say I wont
I take it's serious
It's time to get it on
