I must admit when she comes  
You'll be enticed by the surreal  
The things she'll show you in that world  
Will be the things that you can't erase  
If you tried

Believe me I tried

Take my word  
You're better off  
Never knowing the upside of weightlessness

I must admit when she leaves  
You'd follow her straight into hell  
The things she'll show you in that world  
Will be the things that you can't erase  
If you tried  
Believe me I tried

Take my word  
You're better off  
Never knowing the upside of weightlessness

You'll spend your life in a world where the sun rides the  
horizon  
But never falls below  
In a place where you're eyes grow heavy  
But she won't let them close
