We've got, we've got
We've got/we want
We've got, we've got perfect motion
We've got/we want, we want/we've got
Because we've got perfect motion
We've got/we want chaos
Because
We want/we got perfect motion
We've got/we want the lot
We'll knock
We'll knock until the doors break open

If rhythm's a drug, I'm hooked on you
So show me every move
We've got perfect motion
You're pulling me up into the blue
I'm drowning in your love
We've got perfect motion

Wake up -- we've got/we want chaos
Wake up -- we've got perfect motion
Wake up -- we've got to stop the rot
Wake up -- we want evolution
Some have/some not
We want/we've got
Because we go round or over
Wake up, wake up, they've lost the plot
We'll knock until the walls come crashing down

If rhythm's a drug, I'm hooked on you
So show me every move
We've got perfect motion
You're pulling me up into the blue
I'm drowning in your love
We've got perfect motion
(Drowning in your love...)

If rhythm's a drug, I'm hooked on you
So show me every move
We've got perfect motion
You're pulling me up into the blue

I'm drowning in your love
We've got perfect motion
