Pull out in front,  
This is the moment that will change our whole lives.  
Is this how you wanted  
Us to remember, all that you've done.  
It's over now  
If you could go back would you change anything?  
You were still young.  
You still had three kids, a place to call a home.

So, you never thought that  
You would be quite here yet.  
We all know that you just  
Became a serious accident.

Put in your resignation.  
Just go, go home.  
Say all your salutations.  
We will miss you.  
Forget those obligations.  
You've done your part.  
Find a destination.  
Cause heaven is a hell of a place to start.

It's time to hit the road now.  
So go on and go now.  
Lyrics  
All the words that you said,  
Oh i'll remember them.  
Well i've learned a lot now.  
You taught me well.  
You can't go back to the start  
When you pass the end.  
We went backwards  
To win four words  
That were always enough  
To get us by, but  
Now it's so complicated  
All our words are just understated  
And those broken promises,  
Yeah we expected them.

Put in your resignation.

Just go, go home.  
Say all your salutations.  
We will miss you.  
Forget those obligations.  
You've done your part.  
Find a destination.  
Cause heaven is a hell of a place to start
