What if we were wrong?
Was this a mistake that we made by not thinking things
through?
Should we call this off?
Oh no, no, no.
Let's not give up, don't pass this up.
Let's think this through.

I will love you the best that i can.
I'll love you to my best ability as a man.
I'll take care of your family, and
Sing you to sleep with the smoothest of melodies.
You have the warmest fire in your eyes.
How you look so pretty when you shine on into the
darkness.
Warm me up like the light from a goddess.

We've got some fire to burn.
We've got a lot to learn.
We've got some love to make,
So don't hesitate.
Straighten up your strut,
Here come the boys.
They don't know what we've got,
Our hidden joy.
Don't stop now, we're on a roll.

Lyrics

I will love you the best that i can.
I'll love you to my best ability as a man.
I'll take care of your family, and
Sing you to sleep with the smoothest of melodies.
You have the warmest fire in your eyes.
How you look so pretty when you shine on into the
darkness.
Warm me up like the light from a goddess.

Well i will love you.
Well i will love you.

I will love you, and everything that you do.
Eventhough it is hard, we're gonna make it work.

When the going gets tough, well so do we.
And in my silence know that i love you
