You've got more than what it takes
To make it through the storm.
But you're not going to make it
You're not going to take this.
The love you've been given through
Misunderstandings of
Actions you thought they would make.
So rewind a few a years
To see how you've grown to be
Everything that you hated and know that
You're not alone.
You were never alone.

Into peices, layer it up right into shape.
From my useless words, to an unseen base.
We both play much too often.
Think, care about, or figure out.
We both play much too often.
Think, care about, or figure out.
Huh.

Like you're words, you're so hollow.
It's a mouthful to chew,
And even harder to swallow.
But taking pills and sleeping spells
Won't keep you away forever.

Here they come, new horizons.
Don't give up, don't stop fighting.
It is not the end, this is just the beginning.
It's not the end, this is just the beginning
