I like the way you pour me down
But shouldn't ask me where I've been
I need to feel your pain inside me
Just take me on this way out

You cannot feel the plague inside
This unreal, undone desire
Self-control? I'm down on my knees
You're snoring... Devouring...
It's time to...

Bleed me again
I've got to feel you inside
You've got to blow me away
Go on and bleed me... Now!
Bleed me again
I've got to feel you inside
You've got to blow me again
Go on and bleed me... Away!

Two worlds collide; one brings me down
Darkness complains without a sound
And then you go so deep, yeah
You called me - it's time to bleed me

And when you call my name
You come to lay me down
You recreate my pain
I'm here to be your pawn
Sometimes you call me insane
Sometimes you strap me down
Just desecrate my grave
You've got to bleed me now

[CHORUS]

I cannot feel...
I cannot try...
I cannot move...
I cannot die...
I compromised...
You can't decide

You cannot deal
You cannot fight
I'm on your side
You cannot hide
How gods collide
I am desire
I am your fears
Within your tears
Behind your smile
You compromised
You've got to bleed me

And when you call my name
We breed until the dawn
We recreate the scenes
To make this world go round
Sometimes you call me insane
Sometimes you strap me down
Just desecrate my grave
You've got to feed me now

[CHORUS]
