Come take my hand
And feel my sorrow
My skin feels you breathe
Too cold to live tomorrow

Oh, my prized
I like the way you touch
My reckless heart

Just words
Just sad tears
Illusions from a naked eye
Just ghosts
Laying on your bedroom floor

Take a look at me now...

I'm on the road
To nowhere's end
Call me Mr. Emptiness
I'm all alone
I fake my name
With a little spookiness
I'm just an illusion
Live flowing like the wind
See my emptiness
I want you
I need you
But I'm your Mr. Emptiness
Mr. Emptiness

Come drink my wine
And feel my poison flow
Let it run through your cold white lips
I'm out for you now

So sweet...
I wish I could tell...
So far, so senseless...

I'm on my way
My empty trek

Run away (run away)
I warn you
Run away
Go on and fake your love lost
In an empty shell

Just words
Just sad tears
Illusions from a blinded eye
Just ghosts
Laying in your bedroom
Last cold spell

I'm on the road
To nowhere's end
Call me Mr. Emptiness
I'm all alone
I fake my name
With a little spookiness
I'm just an illusion
Built deep inside your dreams
See my emptiness
I want you
I need you
But I'm your Mr. Emptiness
Mr. Emptiness...
