Last night I fell in love

It takes control of me when I see love in your eyes your
like

A spring time breeze you send chills through me a
natural high

It's just the way you've been my best friend right by
my side

And there's no one else like you baby last night I
realized

That's why

Last night I fell in love see I fell in love with you all over
again

It's true I fell in love with you

It was unbelievable when you touch me so tenderly
your kiss

Was so sweet and though you will never know it was
like a dream

I hope that it will never end please do it again cause it
feels

All right I need someone to pinch me please cause I
cant

Believe it happened in one night

Last night I fell in love see I fell in love with you all over
again

It's true I fell in love with you

Last night felt just like the very first time when you
And I first made love on that first night it would be only
right if

We live our lives side by side cause last night I feel in
love with you again

Last night I fell in love see I fell in love with you all over
again

It's true I fell in love with you

Last night I fell in love see I fell in love with you all over
again

It's true I fell in love with you
Last night I fell in love see I fell in love with you all over
again
It's true I fell in love with you
