And now I understand
Can you just take my hand?
You should bring some ecstasy for me
A frozen rose in gray
Was born in decadence
To praise the pain inside me

I can't pretend to be the same
Like a false messiah
Now all my hope is dead and gone
The weakness of a liar

I'm in fear - I can't hide
You can see it through my eyes

Now love is gone
I'll sweep away
My body is freezing over you
Just call my name
To crush my heart
As I've got nothing else 'cause

I can't pretend to be the same
Like a false messiah
Now all my hope is dead and gone
The weakness of a liar

I'm in fear - I can't hide
You can see it through my eyes

Just take me in or let me out
I just can't take it anymore
Just take me in or let me out
Just can't hear me calling
Sometimes I feel like dying
A thousand times you've been before my eyes
Just let me go ahead this time
Down on loneliness...

You came to take my hand
Could you just understand?
I wouldn't leave this ecstasy for you

A frozen rose in gray
A timeless little prayer
To raise this pain inside me

[CHORUS]

Leave me!
Down on loneliness
Leave me!
Just leave me

You can get near but you'll never get out

[CHORUS]
