[Hook: John West]

I ain't got a dollar but I'm feeling like a millionaire
You know that we already
Ain't got the answers
But I guess I never really cared
You know that we already there

[Verse 1: John West]

We already there
We ready to wear
We been through craziness
But we always come prepared
I feel like half of a stock, feel like Louis Vuitton
I feel like John Legend, mixed with a little Kan
This is our generation, this is our time
We revolutionaries standing on the front line
I always got your back, so now let's get the fame
We taking giant steps, John Coltrane

[Hook: John West]

I ain't got a dollar but I'm feeling like a millionaire
You know that we already
Ain't got the answers
But I guess I never really cared
You know that we already there
Everybody in the world if you hear me now

[Bridge]

Put your hands in the air if you with me now
This goes out to the dreamers everywhere (everyday)
You know that we already there

[Verse 2: Big Sean]

Big bottles, I deserve the big bottles
Keep that champagne pop, pop, pop, pop
I just need your goggles
I got good drinks, bad girls
You know opposites attract (you know)
See, I came from the bottom, so what's the opposite of
that?
Top shelf, top floor, got a top model with her top off

Got a top chef, making five course
I'm top five, then drop four
Is this the top of the world?
I'm living with the people I die for
If they ain't at the top with you, then you ain't at the top
Boi

[Hook + Bridge]

[Verse 3: John West]

There is where we're trying to be
Where the road is trying to lead
I'm going to get there even if I should fall
I pick it up and start a new beginning
Moving on I find a way
All I can do is what I do today
Don't you know we're (?)
