Everybody tells me that I'm no lucky one
And that I should follow you
Everybody tells me to take what I can see
And that I should fall in love

From the very moment
It was in my heart
And you there was something
And we'd never part

Everybody tells me that I'm no lucky one
And that I should follow you
Everybody tells me to take what I can see
And that I should fall in love

I'm at wait forever
And I might never find
Another girl so beautiful
Who could change my mind

Everybody tells me that I'm no lucky one
And that I should follow you
Everybody tells me to take what I can see
And that I should fall in love

Everybody tells me that I'm no lucky one
And that I should follow you
Everybody tells me to take what I can see
And that I should fall in love

Everybody tells me that I'm no lucky one
And that I should follow you
Everybody tells me to take what I can see
And that I should fall in love

And that I should fall in love
And that I should fall in love
