I'm So Gone
We Far Away From Eachother Yeah So Long
To Me you're So Right And They're So Wrong
Probably Cause I Like You Way Better With Your Clothes
On

Paige! I Just Wanna Tell You Something
You Kept It Real With A Nigga I Had To Stop The
Fronting
I Like You a lot I Aint Even Stunting
And Any Problems That You Have Girl You Know it's
Nothing
When It Come To These Other Girls You'll Never Be The
Worst
I'm A Virgin To Giving Head Will You Be My First
Pipe You Down Real Good You Saying Dee It Hurt
Put It All On The Line Gotta Put In Work
Ima Keep It 100 You Not The Baddest
That's Cause you're Beautiful And that's All That
Matters
Hold You Tight In My Arms Play Fight With You
Fly Up North And Spend The Night With You
I Think That I Look Right With You
Me Making This Song that's The Perfect Timing
Call It Love At First Sight But You Had Me Blinded
And Your Love Is Priceless you're A Diamond Shining

I Swear That you're Better Than My Ex
You're Better Than My Current Girl Paige you're The
Best
You're Beautiful When you're Mad that's A Fucking Fact
Tryna Put This Ring On Your Finger Tell Me Where
you're At
Paige!
I Swear it's Realer Than It Seems
We're Like Bonnie And Clyde Bout To Cause A Scene
You're The Best Girl And I Put That On Everything
Hop In My Bed Close My Eyes See You In My Dreams
Paige!
