Verse 1:

Crying out
Kept the same
Now it's such a crying shame
Mirrors that reflect my past
Showing what'll never last
Knowing where I was before
I can see the shutting doors
Closing to unveil a love
But I can't seem to get enough

Chorus:

I desperately want you
I desperately need you
I need a love that stands through
I desperately want you

Verse 2:

Living in a world of hurt
Hurting everything that's worth
Loving till the day I die
Sometimes I don't even try
Acting like it's all ok
Knowing that I'm in the way
Seeing where I need to be
But I need you to carry me

I desperately want you
I desperately need you
I need a love that stands through
I desperately want you

Bridge:

You know my name
You know my pain
And I need you
And I need you
AND I NEED YOU!

I desperately want you
I desperately need you

I need a love that stands through
I desperately want you

I desperately want you
I desperately need you
I need a love that stands through
I desperately
Desperately want you
