It starts with one time to fit in  
Addiction slowly setting in  
I drifted off into dismay

Eyes looking back at me  
I can't even see your face  
The pressure is closing in  
It's taken me again

Wait, it's all that I can take  
And every single day  
A part of my soul is fading  
But now by letting go somehow  
Unshackled and unbound  
I'm calling out your name  
I'm fading  
So save me  
From what I've become

It's like a force that's pulling you  
It's empty promise hides the truth

Eyes looking back at me  
I can't even see your face  
The pressure is closing in  
It's taken me again

Wait, it's all that I can take  
And every single day  
A part of my soul is fading  
But now by letting go somehow  
Unshackled and unbound  
I'm calling out your name  
I'm fading  
So save me  
From what I've become  
Just about to break  
Help me see the way  
I shatter into pieces on the floor

Wait, it's all that I can take  
And every single day

A part of my soul is fading  
But now by letting go somehow  
Unshackled and unbound  
I'm calling out your name  
I'm fading

Eyes looking back at me  
I can't even see your face  
The pressure is closing in  
It's taken me again

Wait, it's all that I can take  
And every single day  
A part of my soul is fading  
But now by letting go somehow  
Unshackled and unbound  
I'm calling out your name  
I'm fading

Oh! Wait, it's all that I can take  
And every single day  
A part of my soul is fading  
But now by letting go somehow  
Unshackled and unbound  
I'm calling out your name  
I'm fading  
So save me  
From what I've become
