Verse 1:

Like shooting star
How brief we are
I wish this moment could last forever
Here with you
I am made new
I want to live like every breath matters

You are not so far away
Just hear me when I say

Chorus:

I want to love what U love
I want to see what U see
I want a heart that burns like a fire in me
I want your light in my life
I want my heart renewed
Here I am forever with You

Verse 2:

The falling rain can bring a change
I never knew how farther I can fall
I can hardly wait till I see face to face
I can't believe our love remains the same

You are not so far away
Just hear me when I say

I want to love what U love
I want to see what U see
I want a heart that burns like a fire in me
I want your light in my life
I want my heart renewed
Here I am forever with You

Bridge:

Now I live with you
After all that I've been through
I just can't live without
Your grace U gave to me
Now I see what U see
Your beautiful life

Forever in me

I want to love what U love
I want to see what U see
I want a heart that burns like a fire in me
I want your light in my life
I want my heart renewed
Here I am
Here I am
Here I am
Forever with You
