Feel it so cold
Never thought I could live like this
Crawling alone
Always feels like I'm dead inside

Take me away from myself
Waking, now I'm alive

Caught in the fallout
I know there's a way out
It's new to me just like a dream
Now I'm alive
Now I can stand out
Not lost in the crowd
I finally see what I can be
Now I'm alive

Locked up inside for so long now
I'll find a way to
Get out and live
For another and not myself

Waking, now I'm alive

Caught in the fallout
I know there's a way out
It's new to me just like a dream
Now I'm alive
Now I can stand out
Not lost in the crowd
I finally see what I can be
Now I'm alive

I'm not afraid to fall down
I'm not lost in the crowd
I'm okay because I found out
I'm waking up inside

It's my turn now
You can't stop what I've become now
It's my turn now

Caught in the fallout
I know there's a way out
It's new to me just like a dream
Now I'm alive
Now I can stand out
Not lost in the crowd
I finally see what I can be
Now I'm alive
