If your bloodshot eyes
Can seem to find
An answer from
A world of lies
You'll never hear a silence from
The truth that's always
Screaming your name

If you're sick and tired
Of all you swallow
Ride with me
And never look back

CHORUS:
Ride with me
We're gonna change the world
Leave it all
Not gonna follow
Lose control
We're gonna set it off
If you wanna scream
Ride with me

If you feel like me
You've probably been
Infected by a gravity
The kind that breaks you down inside
I'm here to help you find
A remedy

If you're sick and tired
Of all you swallow
Ride with me

And never look back

Ride with me
We're gonna change the world
Leave it all
Not gonna follow
Lose control
We're gonna set it off

If you wanna scream
Ride with me

We're gonna let it out
We're gonna let it out
We're gonna let it out
We're gonna let it out
We're gonna let it out
We're gonna let it out

Ride with me
Leave it all

Ride with me
We're gonna change the world
Leave it all
Not gonna follow
Lose control
We're gonna set it off
If you wanna scream
Ride with me

Ride with me
Leave it all
Lose control
If you wanna scream
Ride with me
