Ive got a pretty little girl living down the street
She's got big brown eyes, boy is she sweet
She wears a short skirt, sneekers and my big sweater
All the fella's want to date her, but i wont let her no no
no

She looks cool, talks cool, dance cool
And that's my girl

Next saturday night their be a dance contest, yeah
Me and my baby's gonna show em who's the best now
She's got a brand new wiggle that you never seen
Im not putting you on, this chick can dance real mean

I said she looks cool, talks cool, dance cool
And that's my girl

Just watch her when she hits the floor
Everybody gather round and say go girl go
She can really turn it on shel really make you flip
She starts shaking so hard youl think she's breaking
her hips
There is one thing i want you to know
Im gonna follow her wherever she goes
Shes the ... something.. girl in the land
Try and top her?
You cant

She wears a short skirt, sneekers and my big sweater
All the fellas try an steal her, but i wont let em no no no
Well she looks cool, talks cool, dance cool
And that's my girl

So keep on dancing now
Keep on dancing now
Shake it up, shake it up
