And I don't like what I see here
Is it the situation or the smoke that causes my tears?

Kid, life's over and I don't know
Who I am or where to go
What to do
What to do Cos I'm still stuck
In a void and I don't know which way is up

Is it only me in here?
Turn off the lights we both disappear
Stay with me we'll make it there
Put our trust in the dreams we share

Pay no heed to those who doubt
Every silver lining needs a cloud
Bide our time till the time is right
Could be forever Could be tonight

When is the Time
When is the time you hear the thunder roar
When the lightning struck you just a moment before

Is it only me in here?
Turn off the lights we both disappear
Stay with me we'll make it there
Put our trust in the dreams we share

And if I ever get too far
Overshot and missed the stars
Pull me back to the ground
I looked so hard, I forgotten what I found

Is it only me in here?
Turn off the lights we both disappear
Stay with me we'll make it there
Put our trust in the dreams we share

And if I ever get too far
Overshot and missed the stars
Pull me back to the ground
I looked so hard, I forgotten what I found

It's not only me in here
I turn on the lights, now why did I fear
You stood by me
We made it there
Cos our dreams...
Are a burden we both share...
