Hey there how have you been
It's been a while since we've talked
It's lonely tonight and I wonder
If we could take a walk

Let's catch up a little
How was your day at work
The truth is that I don't really care
It's just one of those conversational quirks

So lets get to the point and not waste anymore more of
your time
You're looking uncomfortable and I think you know
what's on my mind...
Know what's on my mind
What's on my mind
Know what's on my mind

I never got over you
I never got over you
Maybe we gave up, just a little bit too soon
Or maybe half of us doesn't feel, the same way I do

So let's continue to walk
Let our destination find itself
But now there's a silent shadow
With my feelings on the table and yours on the shelf

[Background]
I'll wait for you
I'll wait for you

So let's stop a while and reminisce on those happy
times
I see that sparkle in your eye that hints that you might
still be mine

I never got over you
I never got over you
Maybe we gave up, just a little bit too soon
Or maybe half of us doesn't feel, the same way... the
same way I do

Here it ends and I don't know why
It's not a user-friendly resolution
You look at me with those adoring eyes
And all I see is my confusion

You grab my arm and pull me close
And push me away before
I realise that I despise myself
For wanting you more and more and more and more

I never got over you
I never got over you
Maybe we gave up, just a little bit too soon
Or maybe half of us doesn't feel, the same way I do

Heyyyy yeaaaahhhh
Heyyyy yeaaaahhhh
