It just dawned on me that you've already found
The one you're looking for
So I'm,
Left here with my face in the wind of
The rapidly slamming door

Oh baby,
Why can't you see beyond the outer me
And realise that I want you
But I,
Can't help myself knowing well that somehow
It's not, it's not,
The right thing to do...

Oooooooooh oooooooooh

Hoping for someone else

Oooooooooh oooooooooh

Not believing what I keep telling myself

Oooooooooh oooooooooh

This might be just a phase

Oooooooooh oooooooooh

Stop is not what I meant to say

Can I just hang around you
For just a little while
We'll wait and see what happens
Let's take a stroll down...
The aisle

Hear that sound
These butterflies that flutter about when you're around
Although I might not know when I choke,
It's just me trying to keep them down
I'm not holding out
I'm just trying occupy my time with someone else

Although I care about her,
I think that you know it's not the same,
As you can tell

Oooooooh oooooohh

Hoping for someone else

Oooooooh oooooohh

Not believing what I keep telling myself

Oooooooh oooooohh

This might be just a phase

Oooooooh oooooohh

Stop is not what I meant to say

Can I just hang around you
For just a little while
We'll wait and see what happens
Let's take a stroll down the aisle

Oh baby,
Have some patience
It might work out just yet
Cos if you want it like I want it
We might find some love that's worth a bet
We might find some love that's worth a bet

What are you thinking baby
Where do we meet?
Is it good enough to knock on wood and hope you save
me a seat

If words can't reach you, honey
I'll put 'em in a song
So could you lend me a thought, she loves me, no she
loves me not
Don't you know that forever's just a little bit too long

Can I just hang around you
For just a little while
We'll wait and see what happens
We might end up walking down the aisle

We'll build our dreams together
And let them build their own
It's not a question of if

But when those seeds of ours are sown

Oh baby,
Thanks for your patience
Looks like it worked out yet
Cos if you want it like I want it
We might find some love that's worth a bet
We might find some love that's worth a bet
We might find some love that's worth a bet
We might find some love that's worth a bet
