Here's to the ones who don't give up

[3x]

This is your anthem, get your hands up

We are fire inside, we are lipstick and cleats

We are not going home, we are playing for keeps

We are girls with skinned knees, we are concrete and
grace

We are not what you think, you can't keep us in our
place

Here's to the girls on their boards with bruises and
scars

Here's to the girls whose fingers bleed from playin
guitar

Here's to anyone who never quit when things got hard

You'll never let them say you'll never get that far

We are fire inside, we are an army asleep

We are a people awaking to follow their dreams

We don't have time for your games

We have our own goals to score

There are trophies to win instead of being one of yours

Here's to the girls on their boards with bruises and
scars

Here's to the girls whose fingers bleed from playin
guitar

Here's to anyone who never quit when things got hard

You'll never let them say you'll never get that far

Here's to the ones who don't give up

[3x]

This is your anthem (anthem)

Here's to the girls on their boards with bruises and
scars

Here's to the girls whose fingers bleed from playin
guitar

Here's to anyone who never quit when things got hard

You'll never let them say you'll never get that far
