"For Tension"

Visit "[For Tension](#)" on MotoLyrics.com

I've got bruises from where you brushed against me
They feel good and I'm history
Here comes a shower of sparks
That will one day give us away

Chorus
For tension
Guess what I use?
For tension
You can use me
For tension
Your attention

For tension your attention's all I ever need

Do something wrong you must be joking
Do something right I'm only kidding myself
You take a look down off the shelf
And change address and I can't help myself

Chorus
