Shallow end
Well you're barking out what you think
And you're drinking your expensive drinks
You're in your car and you're on the phone
Think you better follow that cord back home
Is that a pearl i'm supposed to keep
Cause you are putting me to sleep
Well i know you think you're deep alright
But you should stay in your shallow end
Now you're feeding me watery drinks
And i'm singing while your sunfish sinks
You got a ponytail dragging you down
Like the cloud that follows you around
Is that a call i'm supposed to keep
Cause you are putting me to sleep
Well i know you think you're deep alright
But you should stay in your shallow end
