I've got bruises from where you brushed against me  
They feel good and i'm history  
Here comes a shower of sparks  
That will one day give us away

Chorus  
For tension  
Guess what i use?  
For tension  
You can use me  
For tension  
Your attention

For tension your attention's all i ever need

Do something wrong you must be joking  
Do something right i'm only kidding myself  
You take a look down off the shelf  
And change address and i can't help myself

Chorus

For tension your attention's all i never need
