That is familiar
Facing a storm
Write your opinions
On the toilet walls

Entitled to nothing
With butterfly wings
Those little decisions
Can lead to anything

Well I could be crazy
If only you'd let me
If nobody tells you
You have to work it out

Wide eyed and moonless [?]
The predator calls
It could be the last time
Don't need you anymore

The devil has left me
Oh, it's a smack in the face
Cos when we're together
I get the sweetest taste

When I'm alone
I dream in my mind
Of travelling through space
Oh, when we're together
I just lose my way

Say can you hear me
The monsters of war
Fate is a journey
See what you're heading for

Knowledge ain't easy
Insanity calls
Well count yourself lucky
That you don't know it all

The devil has left me

Oh, it's a smack in the face
Cos when we're together
I get the sweetest taste

When I'm alone
I dream in my mind
Of travelling through space
Oh, when we're together
I just lose my way

Every morning
Every day of my life
Feels like the turning
Of a page

We got a warning
There's a change in line
You'll be the downing
Of a race

Millions of people
With butterfly wings
Your tiny decisions
Can lead to anything

That is familiar
Facing a storm
Write your opinions
On the toilet walls

Entitled to nothing
With butterfly wings
Those little decisions
Can lead to anything
