

## Supergrass "Moving"

Visit "[Moving](#)" on MotoLyrics.com

Moving, just keep moving  
Till I don't know what's sane  
I've been moving so long  
The days all feel the same

Moving, just keep moving  
Well I don't know why to stay  
No ties to bind me  
No reasons to remain

Got a low, low feeling around me  
And a stone cold feeling inside  
And I just can't stop messing my mind up  
Or wasting my time

There's a mow, low feeling around me  
And a stone cold feeling inside  
I've got to find somebody to help me  
I keep you in mind

So I'll keep moving, just keep moving  
Well I don't know who I am  
No need to follow  
There's no way back again

Moving, keep on moving  
Where I feel I'm home again  
And when it's over  
I'll see you again

Got a low, low feeling around me  
And a stone cold feeling inside  
I just can't stop messing my mind up  
Or wasting my time

There's a mow, low feeling around me  
And a stone cold feeling inside  
I've got to find somebody to help me  
I keep you in mind
