As the rain's comin' down, well it soaks my shoes
There's a path that I'm on, so keep dry
Through the darkness, a glow that could reach
everyone

When I come here, I don't feel so alone
It's all right, it's all right
I'm just tryin' to carry on, with the life I made
And I know, I'm gonna get there
(Know I'm gonna get there)

Hear the sound of the wind, it howls my name
In the cold light of day, you can see it in my eyes
They've changed

When I come here, I don't feel so alone
It's all right, it's all right
I'll just try to carry on, with the life I made
And I know, I'm gonna get there
(Know I'm gonna get there)

When I'm up here, I know who I am
It's all right, it's all right
I'm just tryin' to carry on, with the life I made
And I know, I'm gonna get there
(Know I'm gonna get there)
I said, "I know, I'm gonna get there"
