.....could you please explain me why
Why you left me all alone?
And Im sleeping on your bed
But I can't sleep 'cus you are dead
No i can't..
I never really wanted you
I never really needed you
I never really wanted you
Could you please explain me why
Why you left me all alone?
And Im sleeping on your bed
And I can't sleep 'cus you are DEAD
No I can't.
I never really wanted you
I never really needed you
I never really wanted you
Could you please explain me why
Why you left me all alone?
Nooo I can't
I never really wanted you
I never really needed you
I never really wanted you
